

SPACE presents

Free Introductory Evening

For

“Love is a Miracle”

A Human Awareness Institute Workshop

Experience more love in your life. It's really that simple.

No matter how much love you are currently experiencing, our workshops will teach you how to have more.

Over the last 40 years, the Human Awareness Institute (HAI) has helped thousands of people create more love, honesty, dignity, kindness and compassion in their lives.

The best way to understand the power of HAI is to experience it. Introductory Evenings are an opportunity for you to get a sense of what our workshop is all about.

Many people have said that HAI was the most profound experience of love that they have ever had!

Our next introductory night:

Tuesday 16th March, 7pm
The Shed – Byron Bay
End of Yagers Lane
Skinners Shoot, Byron Bay

Presented by HAI Facilitator
Peter Sandhill
